

Mohammed Emran Hossain

SOC Analyst | Security Operations | Identity & Endpoint Security | Data Analytics

Towson, MD - mohammedhossain1999@gmail.com - linkedin.com/in/mhossa99 - meh1999.github.io

TECHNICAL SKILLS

Security Operations: Microsoft Sentinel, Huntress EDR, SentinelOne, Alert Triage, Incident Response, Threat Detection, Log Analysis, Vulnerability Management

Identity & Access: Microsoft Entra ID (Azure AD), Active Directory, Okta MFA, Conditional Access, Account Auditing, Permissions Reviews, Group Policy (GPO)

Cloud & Platforms: Microsoft Azure, Microsoft 365, G Suite Workspace, ConnectWise, ServiceNow (SNOW), Jira

Scripting & Data: Python, SQL, PowerShell, ETL Processes, Tableau, Data Pipelines

Frameworks: NIST CSF, MITRE ATT&CK, SLA Compliance, ITSM

PROFESSIONAL EXPERIENCE

SOC Analyst

Sep 2025 - Present

Advance Business Systems [MITS], Hunt Valley, MD

- Monitor and investigate security alerts from Huntress EDR and Microsoft Sentinel, performing threat triage, root-cause analysis, and escalation across managed client environments.
- Analyze aggregated logs and telemetry to identify IOCs, policy violations, and potential intrusions across endpoint and identity attack surfaces.
- Conduct account audits and permissions reviews across Active Directory and Microsoft Entra ID, enforcing least-privilege and remediating over-permissioned and stale accounts.
- Tune SentinelOne and Huntress detection policies to reduce false-positive volume and improve signal fidelity; track and escalate incidents via ConnectWise within SLA.

IT Analyst

Sep 2022 - Sep 2025

TEKsystems, Baltimore, MD

- Supported security operations by monitoring and escalating incidents through ServiceNow ITSM with SLA compliance across a high-volume ticket environment.
- Implemented organization-wide MFA rollouts using Okta and Microsoft Authenticator; built and maintained GPOs and login scripts to enforce security baselines.
- Generated SLA and ticket-performance reports enabling data-driven staffing and operational decisions.

Data Analyst Captain (Part-Time)

Sep 2022 - Sep 2025

COOP Careers, New York, NY

- Developed SQL queries and Python scripts to extract, transform, and load data from multiple sources, improving dataset accuracy.
- Designed ETL pipelines with cross-functional teams and trained peers on building dynamic Tableau dashboards.

Junior IT Analyst

May 2019 - May 2023

Helping Hand for Relief & Development, Woodlawn, MD

- Performed maintenance, troubleshooting, and usability testing for lab systems and the company website, improving uptime.
- Compiled and analyzed website traffic data to generate stakeholder reports supporting resource allocation.

CERTIFICATIONS & EDUCATION

CompTIA Security+ (Sep 2024) - Google Data Analytics Professional Certificate (Oct 2022)

B.S., Information Technology - Towson University, Towson, MD (Jun 2022)
